# WELCOME TO THE ESSA FOUNDATION ACADEMIES TRUST

## **All will succeed**

The ethos of Essa is summarised in these three words. It doesn't just refer to our learners. Our Sponsors and our Board of Trustees want all those involved in the Essa journey to succeed.

Our schools need great people in the classrooms but every part of Essa needs people who are prepared to go the extra mile, are passionate about making a difference to the lives of children and young people, love working in teams, are collaborative and generous as colleagues and value the contribution of all parts of our Trust.

We are part of a strong collaborative, caring community and our children and staff are right at the heart of that. The challenges of disadvantage which they face can be lightened by the security of having a good school on the doorsteps for their children and one where their life chances will be enhanced and secured. Every member of staff contributes to the life chances of every child and celebrates every success .

I hope you will want to be part of the Essa team and help us ensure that 'All will succeed'.

Anne Casey, Chief Executive

# VISION & VALUES - *All Will Succeed*

Our ethos is simple: we will make the most of our unique family of schools to give every child the best possible opportunity to flourish and develop into a decent, disciplined, well-educated and employable young person.

Here is what is at the heart of all we do:

## **Developing decent people:**

Results and qualifications are important, but they are not the whole story – far from it. Our ultimate goal is to develop well-rounded young people who will make the most of the opportunities open to them in our schools. They will have resilience, zest and passion: people that employers will want to employ; people who will play a part in the communities in which they live and work; people we can be truly proud to say came through one of our schools.

## **Achieving full potential, no excuses:**

We will do all we can to make sure every child gets the chance to reach their full potential. No child should ever get left behind; all have the capacity to learn and to achieve. We'll do this by instilling an acceptance that hard work, effort and application really does pay off. Through effort and application come self-respect, self-esteem, self-belief and success.

## **Discipline and standards:**

It is important to us that our young people demonstrate high standards and that our schools are safe, structured places in which to learn – this will enable inspiring things to happen in the classroom. We will achieve this by expressing our high expectations regularly and frequently and by paying relentless attention to detail. We attach importance to values such as respect: for ourselves, for others, for learning and for the environment.

## **Great Schools for all:**

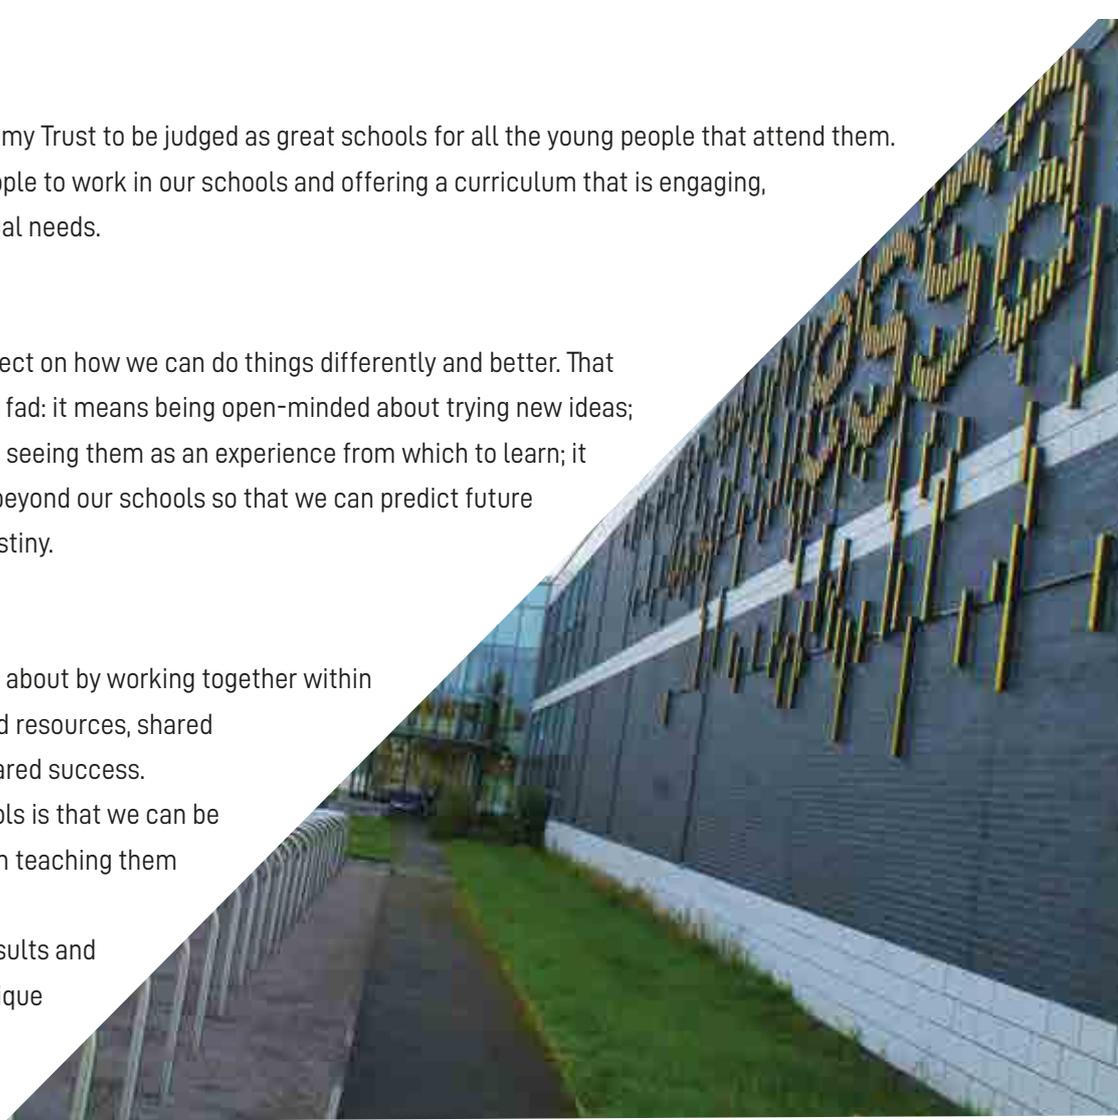

We want the schools within our Academy Trust to be judged as great schools for all the young people that attend them. This means recruiting outstanding people to work in our schools and offering a curriculum that is engaging, challenging and responsive to individual needs.

## **Big on attitude:**

We will frequently stand back and reflect on how we can do things differently and better. That doesn't mean latching on to the latest fad: it means being open-minded about trying new ideas; it means acknowledging mistakes but seeing them as an experience from which to learn; it means being aware of what happens beyond our schools so that we can predict future trends and remain in control of our destiny.

## **Strength in sharing:**

We believe there is a strength brought about by working together within a multi-academy trust, enabling shared resources, shared knowledge, shared experience and shared success. What's great about our family of schools is that we can be with a child every step of the way, from teaching them to tie their shoe laces right through to congratulating them on their GCSE results and their future plans. That puts us in a unique position; it's also a tremendous responsibility.
